## SWIM

The swim course will close 1 hour and 10 minutes from the time the last swim wave starts. Each athlete will have at least 1 hour and 10 minutes to complete their 1.2 mile swim. Individual athletes who take longer than the allocated time to complete their swim will receive a DNF.

# RACE RULES

The RyanMan is a USAT sanctioned event and as such we will have USAT officials on course to enforce the rules and pass out penalties where necessary. Please review the USAT most common rule violations at:

<http://www.usatriathlon.org/about-multisport/rulebook/most-common-violations.aspx>

# RACE NUMBER

At packet pickup each participant will receive their race number, a race bib with their number, and a bike tag with associated sticker.

## Body Marking

Race Numbers are to be marked on your body in the required locations. Participants must have their race number marked on both of their upper right and left arm, as well as the side of their right and left calf. Participant's race age (their age by December 31) or relay division ("R") must be marked on the back of their left calf. Body marking will be made available to participants at transition on race morning.

## Bike Tag

While on the Farm Bureau bike course, the provided bike stickers must be visible on both sides of your bike. The Farm Bureau bike tag is the most convenient way to display your race number and ensure the sticker does not damage your bicycle; however, the stickers may be applied directly to the bike if desired.

## Bib Number

While on the Fleet Feet Run Course, your race bib must be worn at all times and facing forward. Participants may choose to wear a race belt with the bib number attached to it, or simply pin the bib number directly onto their shirt.

# TRANSITION

**RYANMAN**  
Presented by  
**INDIAN CYCLE**

## LAKESHORE PARK

Transition will be located at the south side of the park. You will always be entering transition (swim in & bike in) from the west side, and exiting transition (bike out & run out) from the east side.

# SWIM COURSE

The River Hills Bank swim course is a single 1.2 mile triangle course that will start and end at the beach area at Lakeshore Park. Pre-race swim warm up is at your own risk and will be allowed until 6:40 AM. The swim is a wave start and your timing will begin with your wave start time. All cutoff times will begin at the start of the last wave. If you are not comfortable starting in a pack please hang back on the beach until the participants in your wave have entered the water. The swim will consist of three turns making the course a triangle, ultimately leading the participants back the beach. There will be 4 large orange triangular buoys marking the turns and the entrance / exit. Smaller round green buoys will be used in between the turn buoys. All buoys must be kept on your right while swimming. Once athletes exit the swim they will run a short distance through the grass to transition which is located in one of Lakeshore Park's parking lots. See [Ryanman.com](http://Ryanman.com) for higher resolution maps. Swim wave assignments will be posted closer to race date.

## WET SUIT INFORMATION

The RyanMan is a USAT sanctioned event and as such we will follow USAT recommendations regarding wet suits. Per the USAT rules: "Each age group participant shall be permitted to wear a wet suit without penalty in any event sanctioned by USA Triathlon up to and including a water temperature of **78** degrees Fahrenheit. When the water temperature is greater than 78 degrees, but less than **84** degrees Fahrenheit, age group participants may wear a wet suit at their own discretion, provided however that participants who wear a wet suit within this temperature range shall not be eligible for prizes or awards. Age group participants shall not wear wet suits in water temperatures equal to or greater than 84 degrees Fahrenheit."

# BIKE COURSE

The 56-mile Farm Bureau bike course is an out and back that begins at the transition area in Lakeshore Park. Athletes will exit the park and then head north into scenic rural Rankin County. Rolling hills and some technical turns will greet the athletes along the way. The route has all the elements of a great course, and will treat the beginner and more experienced cyclist to a ride to remember. As the athletes near the end of the ride, they'll return back to the transition area at Lakeshore Park. See [Ryanman.com](http://Ryanman.com) for higher resolution maps and turn by turn cue sheets.
